

\$1,000,000. worth of WCP Commer Trucks

A contract for \$1,000,000 Worth of W C P Commer Trucks during 1912 has just been signed by the Transportation Sales Company of New York City Here is the story back of this transaction:

WE no longer retail W C P Commer Trucks and Guy Vaughan Cars in New York City. Our entire attention is now directed to manufacturing these products and to establishing further Service Depots throughout the United States for same. Sales of Commer Trucks have grown utterly beyond our expectations. Last March we announced our purchase of the exclusive rights to import and manufacture the Commer Truck in this country. By May actual service demonstrations had sold every Commer Truck we could get from England. By June repeat orders had come from over 55 per cent of those who had bought Commer Trucks in this country. The selling problem ceased to exist; we

were pushed to cope with the problem of manufacturing Commer Trucks in this country to fill our New York City demand and the demands of our local representatives in other cities. W C P Commer Trucks are now made by us in this country and thoroughly justifying the seven year warranty we give with every one sold.

It is with pleasure we announce that we have found an organization with which we can gladly place the local sales of W C P Commer Trucks and Guy Vaughan Cars. The Transportation Sales Company will hereafter attend to this field, we having first assured ourselves that they are fully capable of rendering standard Commer service and are salesmen who conduct their business on an honorable and intelligent basis.

at
THE GRAND CENTRAL PALACE

The Transportation Sales Company occupy our former salesroom at Broadway and 56th Street. Their organization includes seasoned automobile men and engineers, who will devote their entire time to the different aspects of motor trucking.

The principals in this Company are men of large financial standing. Plans under way include the installation of a six story building, which will include Service

Department, Repair Shop and a Garage, having facilities for two hundred trucks. Every W C P Commer Truck sold will be covered by our seven year warranty, which is unlimited regarding defective workmanship and materials. The policy of the company eliminates every element of possible doubt by reducing the buying of the W C P Commer Truck to the most commercially sound purchase in the entire field of heavy duty motor trucks.
